2-IN-1 12.5" SEMI-RUGGED WINDOWS® TABLET

The TOUGHBOOK FZ-Q2 is an enterprise-grade tablet, ideal for professional field applications that need more than consumer tablets and detachable computers. The TOUGHBOOK FZ-Q2 fulfills an unmet gap in the market for professional field workers who struggle with low-grade consumer markets. Featuring shock-absorbing technology, a serviceable battery, fanless, magnesium chassis, three-year warranty and resistance to dust and dirt giving it the durability and lower total cost of ownership you need. And as the only tablet in its class with an optional 4G LTE multi carrier modem with satellite GPS built in, it's ready to go wherever your job takes you.

Please consult your reseller or Panasonic representative before purchasing.

¹ The TOUGHBOOK FZ-Q2 battery and SSD are serviceable by trained and authorized professionals only. Please contact a Panasonic representative for program details.

² 1GB = 1,000,000,000 bytes.

³ Total usable memory will be less depending upon actual system configuration.

⁴ Approximate time. Battery performance features such as charge time and life span can vary according to the conditions under which the computer and battery are used. Battery operation and recharge times will vary based on many factors, including screen brightness, applications, features, power management, battery conditioning and other customer preferences. Battery testing results from MobileMark 2007.

⁵ Requires software and activation to enable theft protection with the Skylake platform.

⁶ Accessories and Integrated Options may vary depending on your configuration. Visit Panasonic website for more accessories and details.

Panasonic recommends Windows.
